## Letter From "Over There"

December 11: Before I left home I believed I promised to write you once in a while, so as I have finished my letter for the day I will at least try to fulfill my promise. It seems only a few days since "Doc" Winter, George Smith, "Shorty" Crowell and "Doc" Richards drove me to Xenia one rainy night in October but in reality it has been nearly two months. So many things have happened that we haven't noticed the time go by.

When I left home I had not the slightest idea as to where I might be sent although I wasn't surprised when we were ordered to Minoia. Expected to be sent to England, France or Egypt but had no idea I would be lucky enough to be sent here. This is undoubtedly the best school in the world and only a very few have been sent here from America.

Our trip was wonderful indeed and will long be remembered by all. Of course it was not always like riding a Pullman in America or sleeping in a first class hotel. At one place I did not have my clothes off for four nights and lived on canned beef and hard tack. But that was the exception rather than the rule for on the whole we got fine treatment and every convenience possible.

One worst trouble has been that we lost our baggage and it has not been found, yet we are hoping it will turn up in a few days. For advice to those who are to follow "Hold on to your baggage at all costs." For if it is like looking for a needle in the haystack to hunt in over here. All the transportation facilities are very much disconcerted and also very uncertain. Then it is nice to have a change of clothes once in a while. When the clothes arrive we will be in good circumstances and have little to wish for.

I am getting along fine in the new game of flying. It certainly is a very enjoyable sensation and also a fascinating one. I have had but 100 minutes in the air, yet it beats any riding I ever had in an automobile.

The one thing that astonished me was that everything on the ground stands out so very distinct. You seem to float in the air instead of going like an express train as it would seem. Another thing that astonished me was that I was not scared to death. You do not have any sensation of your stomach floating away as one would expect.

We have the best of instructors and the finest machines. My ears are giving me a little trouble at high altitudes but that will be the case for I want to do my part in the great struggle.

I never thought that America fully realized the venture upon which she has entered, and am more firmly convinced of it since arriving here.

They are placing implicit confidence in our great National Army and it must not betray them for really I believe it is up to America to turn the tide of victory in the greatest cause for which a man ever fought.

The Italians here are taking great interest in us and have started classes in the language at night to which we all are invited. The school was opened last night, the major general for this district formerly receiving each one of us.

I am enjoying the best of health and can only wish as much for my friends at home. I would appreciate

## Prominent Citizen Drops Dead

John W. McCollum, for many years a resident of this township died very suddenly Monday noon of heart trouble at his home on the Xenia and Springfield pike near Xenia.

Mr. McCollum had gone into the yard to get some wood and was on his way to the house when death overtook him. His body was found in the snow, by his sister, Miss Matilda, who made her home with him. A physician was summoned but there was no life, death taking place without a struggle.

The deceased for a number of years resided on a well improved farm near Clark Run where he and his brother, Joseph, operated the farm and gained the respect and esteem of a very wide circle of friends.

Mr. McCollum was married to Miss Mary Maxwell of Xenia in June 1913 and she survives him with one sister, Miss Matilda. The deceased was a son of Mr. and Mrs. James McCollum and he was in his sixtieth year.

He was a life long member of the Reformed Presbyterian church of this place and one that will be greatly missed in the congregation.

The funeral services were held Wednesday afternoon from the residence, burial taking place at Massie creek cemetery.

## HEALTH BOARD HAS NO CONTROL OVER PRESENT VACCINATION PRICES

So many complaints came to the Board of Health over the prices local physicians were charging for vaccinations so a special meeting was held Wednesday evening with all three physicians present. Complaints came not only from families not able to pay but from others who held the price of \$1 was exorbitant. It was stated that prices in Xenia were from 50-cents to \$1 and that one physician was making no charge.

The physicians held that the increased cost of the vaccine, points along with other necessities had increased in cost and that the dollar change was not out of the way. This thought but the cost of the points; that a local druggist sold them to the physicians for \$1.50 a dozen. Another kind of vaccine used in Xenia cost \$2.80 a hundred.

The Board of Health decided that it had no jurisdiction over physicians' prices. Agreement was reached between the board and the physicians as to charges for vaccination among the poor. The price was fixed at seventy-five cents each, which will be paid by the corporation.

It also developed that the board had no authority to order the vaccination of school pupils, that this power was with the school board. Many families have objected to the vaccination theory regardless of the physicians' prices. The school board has the same power the city board have wherein all children must be vaccinated before admission is granted.

## ENTERTAINS DIRECTORS

Mr. O. L. Smith, cashier of the Exchange bank, entertained about forty stockholders and friends of the bank Tuesday evening. Following the annual organization came the election of directors, all the former members being chosen again. They are as follows: Seth W. Smith, George W. Rife, Oliver Garlough, G. E. Jobe, M. L. Marsh and O. L. Smith. The stockholders heard encouraging reports of the year's business and the increase that had been made over former years. A luncheon was served those present.

M. Mr. Alfred J. Bernans, income tax officer for this county, was present and explained the workings of the new law. Numerous questions were being asked and answered according to the theory of many local people. Mr. Bernans stated to the Herald that he expected to spend a day or so at Cedarville near the end of the month and that ample time would proceed the announcement of his coming.

## ORDER VACCINATION.

The Board of Health met Friday afternoon to consider two new cases of small pox. Andrew Hinton and Virgil Allen. No quarantine was ordered other than about the premises where each resided. As R. P. McLean and J. H. Andrews were exposed the night previous to Mr. Hinton breaking out, the board ordered each vaccinated or placed under quarantine. Both had made a friendly call on Mr. Hinton and those vaccination.

## MAYOR McFARLAND NAMES COMMITTEES OF COUNCIL

Council completed organization Monday evening, when Dr. J. O. Stewart was chosen vice-mayor and Mayor McFarland named the committees for the year. The heads of the committees are as follows:

Finance—J. W. Ross and E. G. Lowry.  
Police—J. O. Stewart.  
Light—B. E. McFarland and A. Z. Smith.  
Street—J. W. Ross, A. Z. Smith, J. E. Mitchell and B. E. McFarland.  
Claims—J. E. Mitchell and E. G. Lowry.

A bid for depository for two years was read from The Exchange Bank offering 25c on monthly balances and this was accepted.

## Coal Situation Now Acute

Judging from city reports and from the viewpoint of the politicians that have the matter in charge one would think that all that had to be done to get the coal situation in this section was to cut all the wood necessary. Probably 25 per cent of the farms in this section have no timber whatever. So far the town people are concerned it is as hard to get wood as coal.

With the farmer that has not been in the habit of burning wood but using hard coal, as most of them do, the coal burn wood in such a stove and finding a wood stove is even harder than locating wood or coal.

Unless coal is received the schools will likely have to close within the next week or ten days. Most of our public buildings are heated with gas. Those from here that ordered their auto tags previous to the first of the year have no cause to worry according to advice from headquarters in Columbus. The department has been swamped with orders and cannot fill them on time. Extra help has been provided and it is expected that each tag will be forthcoming in due time.

## BOARD OF HEALTH.

The local Board of Health following the development of another case small pox ordered all the pupils in the public schools as well as the students in the college to be vaccinated or be quarantined and remain off the streets. The case is that of Carrie Marshall, daughter of Mr. and Mrs. George Marshall, who is in the lower grades of the school. It is reported the little girl took some fruit to the Shelly family just fourteen days ago Monday, when the Shellys were still under quarantine. She went no closer than the door and so far as known has not been exposed elsewhere.

The board has organized by electing the new member, J. H. McMillan as president; W. P. Townsley, clerk; and H. A. McLean as health officer. The other members are W. H. Barber, Arthur Townsley, C. N. Stuckey and Frank Wiscup.

## GAS BILLS PAYABLE AT J. W. JOHNSON'S

Following the resignation of Mr. John Steel as local manager of the Ohio Fuel & Supply Co. comes the announcement that the local office will be closed. Manager Tustin for this district was in town Friday and arranged to have the monthly gas bills paid at J. W. Johnson's jewelry store. Reports of complaints and for the disconnection of meters can be left there and an employee of the Xenia branch will be sent here to do the work.

## DR. FOSTER RESIGNS

The many friends of Dr. H. C. Foster will regret to hear of his intention of leaving this community about the first of the month. The Dr. has received a call to the Presbyterian church of Forest, O., and has accepted of his resignation being handed the Clifton Presbyterian church on Wednesday.

## ANNUAL MEETING

Cedarville Community Club, Tuesday Night—Dr. Wishart, of Xenia, Will Speak.

The ladies of the Red Cross will serve the annual banquet to the members of the Cedarville Community Club and their ladies, in the R. Y. church basement next Tuesday night, January 15. There are over one hundred members of the club and every gentleman in Cedarville and vicinity is eligible to become a member.

Dr. Wishart, of the Xenia Theological Seminary will deliver the address. Dr. Wishart spent a year or so in Germany and for several months preached in the American church in Berlin. The address will be of a patriotic character and well worth hearing.

The ladies are going to serve a chicken supper at 8 o'clock sharp, after which the election of officers will be held, followed by the address.

Membership tickets are one dollar for the year and include supper for the member. Ladies' tickets to the supper will cost fifty cents. The ladies of the Red Cross will receive fifty cents per plate for the supper and a bonus of twenty five cents for each dollar membership sold.

The secretary, Mrs. Andrew Winter, will have charge of the ticket sales. Tickets will be on sale at a number of business places. The ladies of the Red Cross are asked to assist in the sale of tickets.

The following is the supper menu: Cream, chicken, baked dumplings, mashed potatoes, baked beans, salad, bread, butter, coffee, peach pie, a la mode.

## SCHOOL BOARD ELECTS

J. W. JOHNSON PRESIDENT  
When the Cedarville Township Board of Education organized Monday J. W. Johnson was elected president, J. C. Barber, vice president and Andrew Jackson, clerk. President Johnson will name his committees until the 22nd when a recess meeting will be held.

## COURT NEWS.

The contest for recount of votes between Jacob Kany and Dr. McCollum for a seat on the Xenia school board has been decided in favor of the former, who has been a member of many years. The Board of Elections was ordered to canvass the vote and Mr. Kany had a majority of 17.

The Dayton schools will not open following the Holiday vacation until January 14 due to shortage of coal to keep the buildings warm. The spring vacation has been canceled.

The W. C. T. U. will meet Thursday at 2 p. m. at the home of Mrs. Red Cross.

## J. E. Hastings, Leader of Devotions, Mrs. William Barber, Subject, "The Inspiring Spirit" John 3:5. Subject for discussion, "Lessons from Christ's life on social service." All are asked to take part in the devotions, and the discussion. Bring bibles and needles to sew for the Red Cross.

## Telling You Briefly Why We Can Offer Linens and Cottons at Real Savings Right Now

We could fill this entire page with closely packed items taken from the sale of Linens and Cottons, but but they would mean little to you because there are so many grades of linen and so many grades of cotton that look alike when described on paper, but it WILL mean something when we tell you that we have owned and had in our warehouse all the linens in this sale for months and that we are selling them on the basis of last year's costs. In 12 months there has been enormous advances on some lines in this sale; others have been sold out completely. It will mean something to you to know that we bought the cottons for this sale many months ago and since that time there has been four advances in mill prices. The linens and cottons in this sale are marked at about present wholesale prices—some are less. They are HOME STORE quality; nothing flimsy or unreliable about them. Come and see for yourself—come and buy enough sheets, pillow cases, sheeting, muslins, outing flannels, percales, gingham, bedspreads and other cotton goods to last at least a year while there is still economical opportunities to do so. BUY NOW—save the advances that are bound to come.

BUY YOUR BLANKETS NOW. The mills have made their prices for next fall and the average advances borders on 60 per cent.

The Fahien Tehan Co  
BUSHNELL BUILDING

BUY UNDERWEAR NOW for present and next winter. In wool or cotton. The best mills say the prices will be at least 80 per cent higher.

FRIDAY, JANUARY 11, 1918

Dr. Harry Garfield, who handles the coal situation in this country, must think most of the coal consumers are Christian Scientists when he says the coal question is psychological. You people with no coal are not cold you only think so.

Americans want no halfway investigations as to army conditions. Congress has it within its power to bring the true situation to the surface.

Dr. Garfield says the government will have to take over the coal as were the railroads. Possibly the government make a mistake when it took over Dr. Garfield.

Cedarville township was at the front in the Sixties and the whole state paid us homage. Her sons in 17-18 in the campaign for world-wide democracy are taking their places in honor line. With two boys in the third officer's training camp after a hard competitive test she leads the county.

Xenia has for some time been fighting an epidemic of small pox but the work was carried on secretly without any quarantine. The authorities seeing the number of victims increase have had to make a more determined effort to check it. The number of cases have not been made public but from a reliable source we are informed that 100 cases are known at this time.

Cedarville for more than a week has been facing a serious condition due to the lack of coal. Last Saturday Kerr & Hastings received one car which was sold out in 500 pound lots. Many of those who are in need had to go without and with cold weather holding on the way it is there is much discomfort in many homes. Much of the coal that has been received in the past has been of a very poor quality.

# LIBRARY NOTES

The library was open to the public seven days of December and in that time 706 books were loaned.

The patrons are reading a better class of books than ever before, and the public school children from first grade to the high school are using the library more than ever.

The following is what Theodore Roosevelt said of the book: "My

Mother and I" by E. G. Stern: "This is a really noteworthy story—of the Americanizing of a young girl, who hood leaps over a space which in all cultural and humanizing essentials is far more important than the distance painfully traversed by her forefathers during the preceding thousand years. When we tend to grow disheartened over some of the developments of our American civilization, it is well worth while seeing what this same civilization holds for stary-

ed and sager youth who have also where been denied what here we hold to be as a matter of course, rights free to all—although we do not, as we should, make these rights accessible to all who are willing with resolute earnestness to strive for them. I most cordially commend this story. Have you read this book? We have it at the library.

The following have contributed periodical to the library the past year:

Illustrated Review and Travel, by W. B. Barker  
Saturday Evening Post, by Dr. Stewart  
Metropolitan, by Mrs. R. McKee  
The Signal, by Mrs. W. H. Barber  
The Nation, by the C. E. R. P. Church (oldside).

**LOCAL AND NEWS A.**

On account of the coal famine at Clinton, no services were held at any of the Clinton churches last Sabbath.

Mr. Frank Mills, Jr., of Springfield, was in town Monday and Tuesday with his aunt, Mrs. J. H. Wolford.

Weed has been received here that Rev. W. R. Graham of Rockville, Indiana, has gone to Newport News, Va., to engage in Y. M. C. A. work at the government navy yard.

The last of the questionnaires were mailed by the county board on Wednesday. So far about 1,500 have been returned.

Mrs. J. W. Dixon and son, Walter, returned Saturday evening after a two weeks visit with Mr. P. D. Dixon and family and Mr. Walter Dixon, in Tulsa, Okla.

The management of the Herald has been sending five copies each week to the library at Camp Sherman for the use of the soldier boys from this section. We are in receipt of a letter from Burton E. Stevenson, camp librarian, stating that the courtesy in furnishing the papers is greatly appreciated. Most of the daily papers of the state send a number of copies and about 300 weekly papers arrive each week at the camp for the boys.

C. H. and John H. Ervin, executors under the will of their mother, Martha Ervin, have filed an answer to the suit brought against them by the brother-in-law, Oscar Ralston, in which he sought services rendered Mrs. Ervin for board. A cross petition was filed asking judgment against plaintiff for the amount of \$1,235.85.

Osborn and Spring Valley citizens have brought suit in the Supreme Court against the Dayton and Xenia Traction Company taking up the line between Spring Valley and Dayton, permission being given by the Public Utilities Commission on the plea that the division of the road did not pay.

More than 2000 dog tags have been taken out under the new law and County Auditor Faulkner expects to put out about 3500. This will mean \$1500 more to the county for dog tax than under the old law. Those who reported the dogs to the assessor last year must of course pay that tax for this year but the dog will not have to be returned to the assessor for 1919.

The following was taken from the Springfield Sun and concerns the marriage of Mr. J. Mac Anderson, son of Mr. and Mrs. B. W. Anderson to Miss Esther Franklin, who was associated with her brother-in-law, J. W. Willoughby, as clerk in the grocery.

A military wedding occurred Saturday at high noon when Miss Esther Franklin and J. Mac Anderson were united in marriage by the Rev. Russell Clem at his home. Miss Franklin was attired in a traveling suit of dark blue with seal trimmings, green gloves and hat. The bridegroom is a member of 322 Light Field Artillery band, Camp Sherman, and left for the training camp Saturday evening. His bride will remain at the home of her parents, Mr. and Mrs. Brooks Franklin, of Plattsburg.

**What Clothes Do You Need?**

Now's the time to buy, because its Clearing Sale time with us and that means extra bargains in Hart-Schaffner & Marx and Clothcraft Clothes. The cost of good clothes has gone up so much that if we figured these suits and overcoats we now have on hand at what they'd cost us to buy them now, the price would be much higher. But we clear stock at this season, and we make prices on the basis of what the goods did cost, not what they would cost now.
